Greetings to My Dear Friends,

Just a little update as to recent events. On October 29, 2013, I was put in a holding tank at 7 am and was not brought into court until after 1:00 pm. An inmate from my dorm was in the courtroom at 8 am, although the judge did not arrive until around 8:40 am. Judge Lisa Luis came in, looked in her docket book and stated, This is Fox Day! The elderly male prosecutor for the Department of Homeland Security (DHS), stated that he really did not want to be here for Fox Day.

Judge Lisa Luis has the worst reputation at this facility, and based upon the affidavits of Mark Coker and others which Steve can email to you, anyone could understand why proceedings involving Lisa Luis are in the nature of the Spanish Inquisition. I was brought in for the afternoon session after more than six hours of ridiculous waiting in the holding tank. Ralph Gergel was brought into the courtroom, although Glenn Atkinson was denied admittance, based upon the absurdity of 'expired identification' (apparently one ceases to be a man if his identification is 'expired' - WHAT NONSENSE!! I filed a Notice of Texas state Citizenship, which caused Luis to assert INS statute, as to which I inquired, Do you have a statute that trashes the Constitution!! She side-stepped that one by saying that Texas is not a recognized country. Then I asked, Are you calling the United states a LIAR!! Lisa Luis responded, NO. I proceeded to state, Well, the United States, after the Civil War, in the Texas Re-Admission Act, guaranteed all the rights in the original Texas Constitution, and Treaties are at the same level as the Constitution. I filed my Asylum application which includes Withholding of Removal, and Convention against Torture at the October 29 hearing. Affidavits and amendments must be in by November 12, and the hearing for the asylum is set for November 19 so I hope to have some warm bodies in the courtroom to be witnesses and able to verify that I have never wavered on the issue that my life is threatened in Canada. Witnesses would also be able to testify that I am of good moral character and a benefit to society, as well as it being a personal hardship if I were deported or murdered.
